

ADITYA HOLKAR

adiholkar555@gmail.com | 9049850240 | Pune, IN

PROFESSIONAL SUMMARY

Frontend developer specialized in building production-grade React applications and component design systems. Experienced in architecting scalable UI libraries, integrating APIs and databases, and maintaining live production websites. Adept at AI-assisted development workflows leveraging LLMs for rapid prototyping, code generation, and intelligent debugging.

PROFESSIONAL EXPERIENCE

Frontend Developer

06/2023 – 10/2025

Capslock Studio Private Limited — Pune, IN

- Architected a 50+ component design system from scratch using React, Tailwind CSS, and GSAP, reducing UI development time by ~40%
- Maintained UI and frontend functionality for 5+ production websites end-to-end with cross-browser compatibility
- Integrated REST APIs, Supabase, and Neon DB for real-time data and serverless PostgreSQL workflows
- Refactored legacy codebase into modular, scalable component architecture, reducing technical debt

EDUCATION

Bachelor of Science (Computer Science)

Annasaheb Magar College, Savitribai Phule Pune University — 2022 — Pune, IN

CGPA: 7.7

SKILLS

Frontend Development

- React 18/19, Zustand, Tailwind CSS v4, GSAP, Framer Motion, JavaScript (ES6+), TypeScript
- Responsive design, custom theming, dark/light mode, Lenis smooth scroll, REST APIs

Tooling & Platforms

- Vite, Git, npm, VS Code, Chrome DevTools, Supabase, Neon DB
- AI-assisted development: LLMs for prototyping, code generation, and debugging

PROJECTS

AI Analyst Suite— AI analysis platform with 6 personas, 7 LLMs, real-time dashboards, and export.

LLM Evaluation Dashboard— Benchmarking 7 LLMs across 14 metrics with interactive visualizations.

BookChat— Privacy-first PDF chat with browser-based RAG pipeline and vector embeddings.

Story Maker— AI story writing with Leaflet map, 7+ LLM providers with auto-fallback, 75+ languages.

Niru Bhau Portfolio— Interactive 3D portfolio with Three.js, particle physics, and glassmorphism.

Taste Atlas— Global cuisine discovery with map, 200+ recipes, and geolocation.

TradeIntel— Import/export intelligence platform with dark/light theme.

UniSearch— University discovery with 15,000+ institutions, table/card views, CSV export.

VibeNews— Curated news aggregation with real-time search and category filtering.
